

Preview AutoCAD Files in FileCloud!

With the plethora of apps available, the ability to integrate your preferred collaboration tools within one secure CCP (Content Collaboration Platform) is more important than ever.

Fortunately, FileCloud has integrations available with your favorite apps, which means you can continue to use your preferred tools—while still within FileCloud's hyper-secure and compliant environment.

Preview AutoCAD files in 2D or 3D without leaving your secure FileCloud environment.

By using this integration, engineers, architects, manufacturers, designers, and artists can preview their AutoCAD files for designs, blueprints, and other important details like processes and materials.

FileCloud comes packed with powerful integrations so that you can continue to use your favorite tools and apps, all within its hyper-secure environment. These integrations include (but are not limited to):

AWS S3	Azure Blob	Gmail/Outlook	MS Teams
Office 365 Google Docs	Collabora OnlyOffice	Salesforce	Centrify
